**DETAILED ACTION**

***REASONS FOR ALLOWANCE***

1. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the prior art to:

" a source follower circuit portion to control a stress voltage that is applied across one or more of the portion of the plurality of memory cells, the source follower circuit portion receiving a reference voltage and coupling the stress voltage as a substantially constant voltage to each of the selected memory cells" as claimed in the independent claim 1; or

" coupling the reference voltage to a second source follower circuit, to generate a stress voltage; and coupling the reference voltage to a portion of the memory for use in accelerated life testing" as claimed in the independent claim 8; or

" coupling the reference voltage to a first source follower circuit, to generate a stress voltage of substantially constant value that compensates for a portion of parasitic impedances existing within each of the columns of conductors" as claimed in the independent claim 13.

***Conclusion***

2. The following prior art, which is considered pertinent to applicant's disclosure although not relied upon, includes:

Roohparvar (US. Pat. No. 6,285,608) or Uchida (US. Pat. No. 6,078,210) disclose method and apparatus for testing semiconductor memory device similar to that of the present application, but fail to disclose as described above.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nam T Nguyen whose telephone number is (571) 272-1878. The examiner can normally be reached on 8 am to 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571)272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
